Peer2Peer Training Coming July 25! .................................................................3
Peer2Peer Training Coming July 25!

The UF IT Training Committee will host a Peer2Peer training session on July 25. The sessions start at 8:30 a.m. and run until 12:30 p.m. and will be held at the Brain Institute, Room LG 101A. These sessions are free to all UF faculty and staff.

This is the second Peer2Peer training event. The first one, held in March, was attended by 100 people.

Peer2Peer is an ongoing series of computer-related peer training to supplement vendor-sponsored training in an effort to reduce travel and other costs. For more information about the upcoming program, see http://www.it.ufl.edu/training/peer2peer.

The idea of Peer2Peer is that a member of the UF community with expertise in a particular subject can teach that to his or her peers in an informal training session. If you're interested in teaching or learning a particular subject or in coordinating a Peer2Peer class, contact Vicki Kitts-Turner at (352) 392-2061 or at vkt@ufl.edu. Everyone is encouraged to attend, teach, coordinate, and learn from your peers.
