New Bridges Equipment Delivered ................................................................. 3
The new UF Bridges project will take a lot of computing power. New equipment to handle the load has been steadily arriving at CNS all summer. Here are some of the new machines.

The IBM 7040 p670s are part of the ERP/Bridges machine array.

A rear view of the ERP/Bridges Network Appliance Disk Storage machine rack.

Penny Latta, senior computer Operations supervisor, stands in the breeze created by the IBM 7040 p670 machines which are part of the ERP/Bridges machine collection.
