CNS.ufl.edu Transition: Change your Web-pages and Bookmarks

As announced previously, primary electronic addresses (e-mail, URLs, etc.) which were formerly ",-something-.nerdc.ufl.edu" have been changed (see CNS News item N0403, subject New 'CNS' Name Now Used For Web, E-mail, Service Addresses [http://docweb.cns.ufl.edu/news/n0403/n0403.html], 12 April 2004).

This change is effective immediately. However, in order to provide continuity and minimize the impact on our users, the old "nerdc" addresses are being supported as aliases for a short time.

In order to help you manage the transition, we will be releasing a series of announcements, suggesting various actions which you should take to make sure the transition goes smoothly.

At this time we recommend that you begin reviewing any Web pages for which you are responsible and changing the links/references on them to the new 'CNS' URLs. While in some cases you may be able to simply substitute 'cns' in place of 'nerdc' in an existing URL, in many instances such a simple mapping will not work. When the new site was created, a significant amount of restructuring was also done. We recommend that you visit the new CNS home site (www.cns.ufl.edu), and use the menus and links to navigate to pages of interest, to make sure you have the correct URL for your new links.

In addition to the CNS departmental home site, user Web pages of the form http://nersp.nerdc.ufl.edu/~userid/... should be converted to http://nersp.cns.ufl.edu/~userid/...

This is also a good time to review your Web browser bookmarks, and update any which refer to the old 'nerdc' name-space.

If you have any questions about this process, or need assistance in locating a moved Web page, please don't hesitate to call the CNS Support Desk at (352) 392-2061, or e-mail consult@lists.ufl.edu [???].

Your Comments are Welcome

We welcome your comments and suggestions on this and all UFIT documentation. Please send your comments to:
