NERDC I&R Users' Group Seeks Members ...............................................................3
1997 I&R Meeting Schedule .............................................................................3
NERDC I&R Users' Group Seeks Members

Due to expiration of terms, there are immediate openings for three UF faculty members, one graduate student, and a UNF representative in the NERDC Instruction and Research (I&R) Users' Committee. I&R is an advisory group to NERDC management on instruction and research computing issues. Members also form initiatives that benefit faculty, staff and student computer users at UF. Faculty members generally serve three-year terms.

The committee also invites campus speakers to present information on campus computing applications and receives regular reports from the directors of NERDC and CIRCA on campus computing activities.

I&R meets monthly but takes a break in August each year. The next meeting is on September 5 in Room 285 in the Reitz Union.

A calendar of this and subsequent 1997 meetings is shown at left. All SUS instruction and research faculty are invited to attend.

Please call Dr. Betty Taylor, Chair of the I&R Users' Committee, at (352) 392-0417 for more information about I&R and membership applications. Or apply directly by sending a vitae to NERDC I&R Users' Committee, care of Patricia Durant, 112 Bryant Space Sciences Research Building, P.O. Box 112050, Gainesville, FL 32611-2050.
