NERDC Expenses (Actual Basis) and Debt Service

These two charts compare NERDC actual expenses (accrual basis) and debt service payments for fiscal years 95-96, left and 96-97, right. Under accrual basis, expenditures are reported when materials or services are received, rather than at the time of payment (cash basis). "Software and SW Licenses" includes both expense (OE) and capitalized (OCO) software. "Other OE" includes administrative overhead, communications, utilities, and all other NERDC expenses.
