Billed CPU Seconds (in millions) ................................................................. 3
Billed CPU Seconds (in millions)

This chart compares the number of billed CPU seconds per service over the past two fiscal years-FY98-99 and FY97-98. DB2 seconds used for TSO and batch are included in the graph totals for those services. The figures for CICS include FCLA. Note: The data in this chart is presented on a logarithmic scale. This represents a change from previous years' charts.
